VOICES

Voices in the air, whispers in the night
Remnants of the past, the mystery of light

Light a candle in the church
Light a light for me
I am broken, I am cursed
Longing to be free

Ancient melodies drifting through my brain
Fill my memory, a history of pain

Painful searching for the truth
Try to find a way
Somehow I have lost my youth
And my life turned grey

Silently crying each time you go
No more denying, I need you so

Captured by a thought, fragments of delight
Sailing without aim, got no more strength to fight

Fight my fear of emptiness
Chilling me inside
It gets harder to confess
Every haunted night

Silently crying each time you go
No more denying, I need you so

I can't accept it's over
Recalling every fight
Life is an endless night

Voices in the air, whispers in the night
Haunted by the dark, the promises of light

Light a candle in the church
Light a light for me
I am broken, I am cursed
Longing to be free

Silently crying each time you go
No more denying, I need you so

THE HUNGER

On the hunt for some love again
I'm walking in the dark
Look around for a hungry man
A stranger in the park
As I lean against a tree
Light a smoke, so casually
He approaches with fire in his eyes

501's showing his desire
He moves to kiss my lips
Deep inside there's a raging fire
My hands upon his hips
Then we're moving in the night
Longing to be satisfied
In a mixture of pleasure and despair

Hungry for someone to guide the way
In this confusion, an illusion
Of someone who will stay
Yearning for someone
Who understands all of my sorrow
Will tomorrow be brighter then

Watching him in a dimmed cafe
I left the place at once
I'm too scared to go all the way
Afraid to take a chance
Though I long for something more
I've been hurt too much before
I take care not to fall in love again

Hungry for someone to guide the way
In this confusion, an illusion
Of someone who will stay
Yearning for someone
Who understands all of my sorrow
Will tomorrow be brighter then

Silent tears are falling down
On the ground, on the ground
Have to confess that my life is a mess
Without you the void comes
To claim me and maim me

On the hunt for some love again
I'm walking in the dark
Look around for a hungry man
A stranger in the park
Though I long for something more
I've been hurt too much before
I take care not to fall in love again

Hungry for someone to guide the way
In this confusion, an illusion
Of someone who will stay
Yearning for someone
Who understands all of my sorrow
Will tomorrow be brighter then

TENDERLY

I am tired of fighting you
And I'm fed up with crying
I just want your tenderness tonight
We will talk about it in the morning
I've been trying
Just to find some answers
Some replies

But tonight, comfort me
Ease my pain tenderly

Try to understand how hard it is
To show emotion
No one ever taught me to express
But you've known for quite a while
About the true devotion
Deep inside of me
You could have guessed

So tonight, comfort me
Ease my pain tenderly
Please don't talk, just be still
I love you, always will

Don't hurt me, just be kind
Be my friend, just be mine
Be gentle, hold my hand
Until dawn, understand

If you give me time to think
About the love inside me
I will try to tell you what I feel
Please don't try to rush me, baby
Please don't try to guide me
I just need some space
To make it real

So don't talk, just be still
I love you, always will
And tonight, comfort me
Ease my pain tenderly

Don't hurt me, just be kind
Be my friend, just be mine
Be gentle, hold my hand
Until dawn, understand
Don't hurt me

INNOCENCE LOST

Innocence lost, we need a solution
To all this confusion
I've lost my illusions
Burdened with guilt
There's only frustration
In this situation, no imagination

I was trapped in an alley
Had to fight my way out
Tried to shout, no one listens
An attack by a stranger
Now there's blood on my hands
Self-defense, I can't take it

We're surrounded by violence
On the streets, everywhere
No one cares, nothing matters

Innocence lost, we need a solution
To all this confusion
I've lost my illusions
Burdened with guilt
There's only frustration
In this situation, no imagination

Late at night in the city
Walking near the canal
To a bar with a girlfriend
She was thrown in the water
Just for fun by some drunks
No one knows their intentions

We're surrounded by violence
On the streets, everywhere
No one cares, nothing matters

Innocence lost, we need a solution
To all this confusion
I've lost my illusions
Burdened with guilt
There's only frustration
In this situation, no imagination

ENLIGHTEN ME

Please enlighten me baby
Tell me what you think, what is on your mind
Do you think that we could be together

I am tired of fighting, I'm fed up with the pain
I am sore from the crying
Am I going insane

Please enlighten me baby
Do you think that we could be together
Forever and ever

It is clear I still need you, it is clear I still care
I just can't live without you
It just isn't fair

How come that no one seems to understand
How come that no one seems to care
How come that no one seems to comprehend
How come that no one seems to care

Please enlighten me baby
Do you think that we could be together
Forever and ever

You always listened to the things I say
You always listened to my words
You always tried to help me find a way
You always saw how much it hurts

Please enlighten me baby
Tell me what you think, what is on your mind
Do you think that we could be together

And you know that I love you
And you care about me
I can't stop thinking of you
Would you rather be free

Please enlighten me baby
Tell me what you think, what is on your mind
Do you think that we could be together
Forever and ever

BARRICADES

Thought I was tough, thought I was cold
I could control my emotions
I built a fence around my heart
You tore it down in a moment

I wish that I could hold you tonight
It hurts me inside now it's over
'Cause there is someone else in your heart
It tears me apart, I can't take it
You're the only one that I want

You broke down the barricades
I erected around my heart
I thought I was incapable
Of feeling anything
But now you have gone away
And I'm crying all of the time
It seems so useless
To throw away all we shared

You, you're all I really want
You're all I really need, I feel it in my heart

He, he's no good for you, boy
He'll never change inside, it's tearing me apart

Now you are gone I'm so alone
I realize how I miss you
Can't let it go, want you to know
How much it hurts here without you

They say there's someone else that you love
He forced you to choose between us
I understand he's part of your heart
But he'll never change and I love you
You're the only one that I want

You broke down the barricades
I erected around my heart
I thought I was incapable
Of feeling anything
But now you have gone away
And I'm crying all of the time
It seems so useless
To throw away all we shared

You, you're all I really want
You're all I really need, I feel it in my heart
He, he's no good for you, boy
He'll never change inside, it's tearing me apart
You're the only one that I want

You broke down the barricades

But now you have gone away
And I'm crying all of the time

AZURE EYES

Summer night, glass of wine
Then I saw you arrive
Looking good, feeling fine
Now I'm glad I'm alive

Azure eyes look at me and drive me wild
I admire everything that you say or do
My desire's breaking free just like a fire
Every night you are mine
And my love for you is true

Night out on the town
I go wherever you go, need you so
Feelings never known
Come to the surface when I hold you tight
Your beauty took me by surprise
Your sparkling eyes made me surrender

Azure eyes look at me and drive me wild
I admire everything that you say or do
My desire's breaking free just like a fire
Every night you are mine
And my love for you is true

Walking through the park
Birds lead us into the dawn with a song
Magic all around
This mystic sunrise, so pure, now I'm sure
We are as one, beautiful friend
This will not end, this lasts forever

Azure eyes look at me and drive me wild
I admire everything that you say or do
My desire's breaking free just like a fire
Every night you are mine...

Summer night, perfect sky
You and me in the moonshine
Each time you take me high
I am yours and you're all mine

Azure eyes look at me and drive me wild
I admire everything that you say or do
My desire's breaking free just like a fire
Every night you are mine
And my love for you is true

Lying on the beach
You look so good with a tan, I'm your man
So much love inside
All my emotions break free, stay with me
I am so sure you'll never leave
And I believe this lasts forever

Azure eyes look at me and drive me wild
I admire everything that you say or do
My desire's breaking free just like a fire
Every night you are mine
And my love for you is true

TENDERLY

I am tired of fighting you
And I'm fed up with crying
I just want your tenderness tonight
We will talk about it in the morning
I've been trying
Just to find some answers
Some replies

But tonight, comfort me
Ease my pain tenderly

If you give me time to think
About the love inside me
I will try to tell you what I feel
Please don't try to rush me, baby
Please don't try to guide me
I just need some space
To make it real

So tonight, comfort me
Ease my pain tenderly
Please don't talk, just be still
I love you, always will

Don't hurt me, just be kind
Be my friend, just be mine
Be gentle, hold my hand
Until dawn, understand

Try to understand how hard it is
To show emotion
No one ever taught me to express
But you've known for quite a while
About the true devotion
Deep inside of me
You could have guessed

So don't talk, just be still
I love you, always will
And tonight, comfort me
Ease my pain tenderly

Don't hurt me, just be kind
Be my friend, just be mine
Be gentle, hold my hand
Until dawn, understand
Don't hurt me
